Learn more about common feeder visitors at www.feederwatch.org

Count birds at your feeders and help scientists study winter bird populations!

Join Project FeederWatch

- FeederWatching is as easy as...
1. Putting up bird feeders
 2. Counting the birds that visit
 3. Sending the data to scientists

New participants receive a 17" x 22" Common Feeder Birds poster, the FeederWatcher's Handbook, Winter Bird Highlights (the FeederWatch annual summary), a subscription to the Cornell Lab of Ornithology's newsletter, BirdScope, as well as complete project instructions. Canadian participants receive a subscription to the Bird Studies Canada newsletter Bird Watch Canada. Participation fee is \$15 (U.S.) or \$35 (Canada).
