

CANDLEMAKING

STEM Discovery Toolkit

Make your own candles with crayons and ignite a spark while discovering the science behind trick candles!

Lessons Included:

- Trick Birthday Candles
- Votive Crayon Candles
- Balloon Luminaires

Life Skills Objectives:

Youth will gain critical thinking and problem solving skills by engaging in hands-on experiential learning experiences.

Learning Science Through Inquiry:

Students will measure temperature with a thermometer to examine the melting point of wax, gain a better understanding of different states of matter, and discover flammable metals such as magnesium.
